1	He needs to come to class ready with notes and examples.	
2	He is very VERY good at explanation. I just wish his attitude with students was better. He points out students for mistakes they have made in their quizzes in an offensive and embarrassing way. Asking questions can be terrifying as one does not wish to be made fun of.	

Q22 - Please enter specific comments, if relevant, on the role that Information Technology plays or could play in this course
