INTRODUCTION

This report contains the results gathered during the online course-instructor evaluations. Students were invited to share their feedback on the teaching and the course material, ultimately to help improve the overall quality of education at our institution.

It is now our collective duty to turn this insight into action.

As part of this mission, all instructors receive an Individual Report for developmental purposes i.e. to identify strengths and areas for improvement in regard to their teaching methods. Contents include graphs, tables, rankings, frequencies, statistics, and comments, as well as reflective questions to help guide you in the preparation of your personal development plan.

We urge every Faculty Member to diligently examine all the analysis, to seek to understand it, to take note of patterns, to draw logical conclusions and to take it upon yourself to act on the valuable feedback your students have taken the time to provide.

The course is amazing as it is no improvement is needed.
Ayman Badawi is the best
topics could be a little more connected

Please enter specific comments, if relevant, on the role that Information Technology plays or could play in this course

Recorded lectures would be great since I usually like to go back and watch a whole lecture to understand concepts that are difficult for me

Please give partial credits sometimes. Overall amazing and fun course.
Please dont give such difficult questions in your midterms.... an stop taking makeup classes in the last weak ... its unfair ... u finished the portion ;last minute and made it so difficult to understand ...
Try to be more patience if a person didn't get the concept from the first time
No Suggestions needed, he's the best math professor in the whole department.
just a bit more organisation
