What did you like the most about the course?

Comments

what i liked most about this course is the professors way of explaining and getting his point across.

the professor really was very good at explaining the course, i had dropped the course last semester because i didnt understand but i understood everything the professor taught this semester and the practice questions were extremely helpful in understanding the course

Even though the course had a lot of new content and difficult concepts, everything was made easier with my professor's explanations and support throughout
