1	Dr. Ayman is really smart, one could say he's a genius! BUT... he's so rude sometimes. And he doesn't get that some people dont understand as fast as he does, I used to sit and hear people saying they're afraid of asking him about anything because he might pick on the person.... I mean, a professor should not feed the students fear! We shouldnt be afraid of him, but we are.... To him, we are stupid, but we came into the course with 0 knowledge so yes it takes time. Some people more than others.
2	The instructor explained every part of the course in an amazing manner. The only negative thing about this course was the fact that we started and ended the class late.
3	Strongly Agree is less than u should get professor all the love and appreciation
4	We were too scared to ask questions.
5	very good prof
