INTRODUCTION

This report contains the results gathered during the online course-instructor evaluations. Students were invited to share their feedback on the teaching and the course material, ultimately to help improve the overall quality of education at our institution.

It is now our collective duty to turn this insight into action.

As part of this mission, all instructors receive an Individual Report for developmental purposes i.e. to identify strengths and areas for improvement in regard to their teaching methods. Contents include graphs, tables, rankings, frequencies, statistics, and comments, as well as reflective questions to help guide you in the preparation of your personal development plan.

We urge every Faculty Member to diligently examine all the analysis, to seek to understand it, to take note of patterns, to draw logical conclusions and to take it upon yourself to act on the valuable feedback your students have taken the time to provide.

One of the best professors in AUS
Dr. Badawi is absolutely amazing. Loved the course and the lecture. Amazing professor that really cares for his students. Love his sense of humor too. He is the chillest professor I took a course with, very relaxed and cool. He is also very passionate about the topic and it clearly shows The material he puts up on iLearn is extremely useful and really made the course easier.
