<b>1</b>	My instructor was perfect. I understood everything.
<b>2</b>	I admit mr ayman is a good instructor and he explains every thing carefully,, but the bad thing in him that he gets nervous whenever any student asks him a question.
<b>3</b>	no suggestions. the course was successful.
<b>4</b>	none
<b>5</b>	eliminating one quiz from 10 is so little, a few quizzes should be chosen from the 10 to be calculated!
<b>6</b>	calm himself down and work on his temper. students get intimidated from him this leads to not being able to ask the instructor questions thus failure in understanding the subject.
<b>7</b>	Make students in class participate more in solving the problems. Have the students work in groups to solve questions so that we can learn in class better.
