<b>Question:</b>	<b>Please enter below any comments on how the course should be improved</b>
<b>Response Rate:</b>	<b>27.78%</b> (5 of 18)

<b>1</b>	The course would definitely be improved if they really changed the book! it's not helpful at all! it's kind of complicated!
<b>2</b>	Excellent course, with excellent instructor. Nothing can be done to improve it more.
<b>3</b>	first of all you are a very scary person.. you scare us girls.. i feel like if i asked a questions or answered the wrong answer that you will come and hit me or give me a box.. teaching needs patience..we students make a lot of mistakes and a stupid ones but you cant blame us because we are here to learn. your attitude toward some students is not acceptable.. you always embarrass students if they make mistake and you forget that you your self make mistakes sometimes more that us.. personally, you ones embarrassed me in front of the whole class just because I made one mistake in the calculation of one number.. in the same day you said the you dont like calculation and you are not good it at!! .. then why did u embarrasses me like that? please ! stop this attitude and be more friendly.. encourage us to ask questions.. do not scare the hell out of us.. second of all, the way you explain in the class.. you are one of the best teachers i tried and you explain very well.. but they way you
<b>4</b>	I think that the text book should be changed
<b>5</b>	I think the course can be improved by keeping the same instructor(Mr. Badawi) next semester.

<b>Question:</b>	<b>Please provide your instructor with helpful suggestions for improving his/her effectiveness</b>
<b>Response Rate:</b>	<b>16.67%</b> (3 of 18)

<b>1</b>	Absolutely nothing. You were simply great in teaching the course.
<b>2</b>	second of all you are one of the best teacher i have ever tried. but the way you explain to us in class .. you treat us like we are very stupid and we all should fail!.. due to your scary attitude even though i know the answer of 80% of the questions you ask in the class .. i can never answer any of them because i am too scared that it turns out to be wrong and then you will embarrass me again.. in addition, i have the notes for a student who took the course with you last semester and you gave them many examples. but to us you only gave us one example on each topic which is not fair... also, you always forget what you gave us and what you did not give us .. if we don't by mistake tell that this particular thing we did not take . you wouldn't remember and we will go to the exam not knowing anything.. please fix this.. have fixed plan for every section so that we all be the same
<b>3</b>	Thank you Dr.Ayman Badawi for the great efforts that you spent during this semester and I hope that you keep up and continue the success in all life fields.

<b>Question:</b>	<b>Please enter specific comments, if relevant, on the role that Information Technology plays or could play in this course</b>
<b>Response Rate:</b>	<b>16.67% (3 of 18)</b>

<b>1</b>	IT can be used as in vector spaces. so if there was a program that allows us to improve the course, i would be more than happy to get enrolled in it.
<b>2</b>	you do not post the solution to our quizzes neither out exams
<b>3</b>	incorporating a system that enhances the contact between the instructor and the students
